Penguin Loves Mev
In the UK

Christmas Is Coming

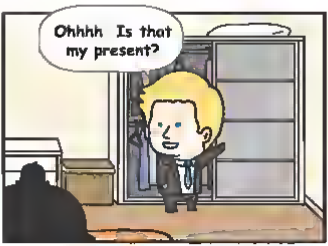
December come so fast.

It meant that I needed to prepare the Christmas presents soon

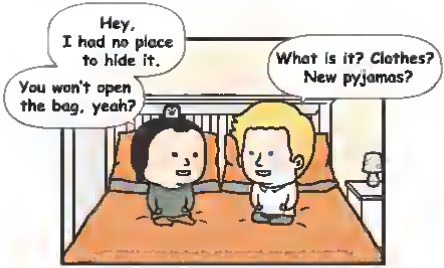
I bought some clothes for Mev.

I was a little bit worried
as Mev is quite picky with his clothes.

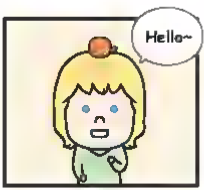
Anyway I kept the bag
on top of the wardrobe.



Stroight away,
Mev found the suspicious bag

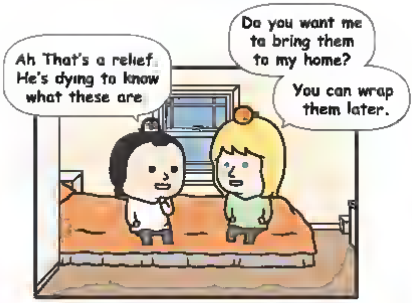


Of course Mev was busy guessing what was in the bag since he found out that his present was in it.



A few days later,
Gail visited us.

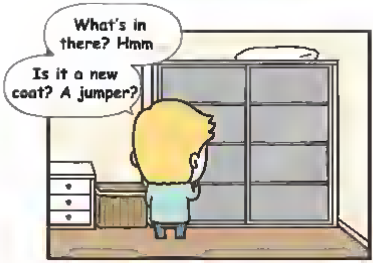
While Mev wasn't at home,
I showed her what I bought for Mev
to get her opinion.



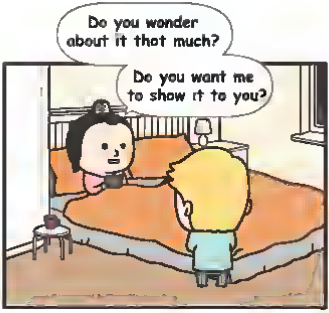
Ah That's a relief. He's dying to know what these are
Do you want me to bring them to my home?
You can wrap them later.

Ah, yeah! Good idea!
And... How about this?

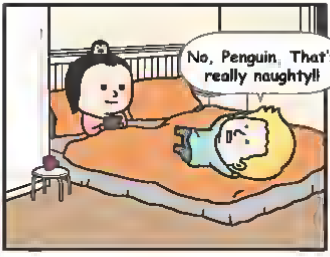
My mother is law suggested something to me



What's in there? Hmm
Is it a new coat? A jumper?

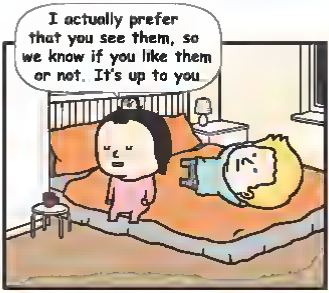


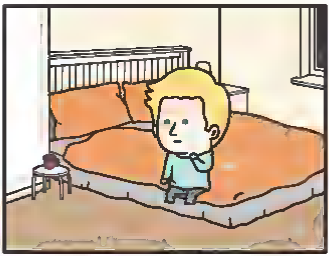
Do you wonder about it that much?
Do you want me to show it to you?



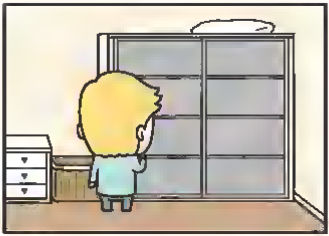
Why?
You keep on asking me.

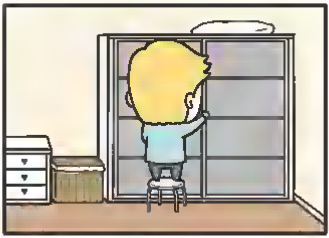
Ah...
No. Nooo!



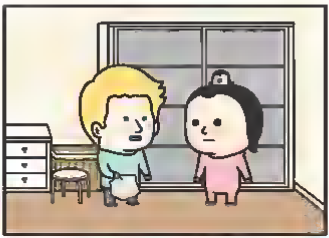


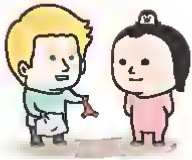
Mev was in a big dilemma.

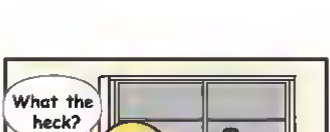




Oh My God!







What the heck?

Ha ha ha
